1. PURPOSE. To establish and prescribe objectives, goals and responsibilities for the administration and execution of the Pacific Ocean Division (POD) safety program.
2. APPLICABILITY. This regulation applies to all elements of POD and its Districts.
3. OBJECTIVES. To establish and maintain a safety program throughout POD which will assure an organization of trained, responsible personnel working toward the elimination and control of safety hazards, creating and maintaining safe working conditions, promoting safe practices by all Corps of Engineers employees and contractor employees, and providing for the safety of the visiting public.
4. GOAL. To eliminate manpower and monetary losses due to accidents and to provide more efficient and effective use of resources in accomplishing the Corps of Engineers mission.
5. RESPONSIBILITIES.
 - a. Chief, Safety and Occupational Health Office (SOHO) is responsible for the overall administration and management of the POD Safety and Occupational Health Program.
 - b. District Commanders are responsible for ensuring the effective application and implementation of the POD Safety and Occupational Health Program outlined in Appendixes A through X.
 - c. POD Staff Chiefs are responsible for implementing and accomplishing provisions of this regulation.
